

Every two years the West Central Texas Council of Governments (WCTCOG) receives funds generated by landfill tipping fees from the Texas Commission on Environmental Quality. The WCTCOG uses a portion of these funds to offer solid waste grants to eligible entities. For more information please contact Wendy Allen, Regional Services Director @ 325/672-8544

The West Central Texas Council of Governments (WCTCOG) maintains a **Solid Waste Reference Library**. Some of the items available on-line through the Internet may not be available in hard copy. The reference library is available to the public for use at the WCTCOG office, located at 3702 Loop 322, Abilene TX 79602, during regular business hours.

The following is a list of items that can be found at the Resource Center. Some of the items available on-line through the Internet may not be available in hard copy.
